An Open Letter to 40 South News:

I made a statement at the end of the Mayor's Forum referencing the removal of a sign by a business owner. I in no way meant to place any business owner in the middle of a campaign issue, and am sorry that this has happened. I have, and will continue to represent both myself and my campaign with the highest level of honor and integrity, and I stand behind the truth of the statements that I made at the Mayor's Forum.

I want you all to know that if I am chosen to serve as Mayor, you will find a "New Day" in Brentwood, one where we will spend our time and energy addressing the problems that face our community, and not one that will perpetuate this atmosphere of mistrust.

For the few remaining days of this campaign I intend to continue to discuss the important issues that face our City...*professional behavior, financial responsibility, preserving neighborhood integrity, building a sense of community where all feel welcome even though we might disagree at times, and addressing issues surrounding our current infrastructure.*

It is my hope that the people of Brentwood understand my commitment to move our City in a positive direction and accomplish what needs to be done for a better Brentwood.

Respectfully,

Mark D. Wilson
